Visa or Master Card

- Visa/Master: _____ Exp. Date: _____ 3 Digit "V" Code (on back): _____
- Visa/Master: _____ Exp. Date: _____ 3 Digit "V" Code (on back): _____

Agreement and Release

I understand Topanga Pet Resort (TPR), including Pat and Keith Tomlinson, all employees and independent contractors agree to provide boarding and/or daycare and/or training and/or grooming and/or transportation for my dog while at the TPR Facility.

As owner of the dog(s) described on page one, I authorize TPR to seek emergency care for my dog in the event of injury or illness occurring anytime he/she is in TPR's care. If the need should arise, I authorize TPR to engage the services of their regular emergency veterinarians (in conjunction with contacting my veterinarian when reasonably possible). I authorize TPR to approve vaccinations, medical and/or emergency treatment (excluding euthanasia) as recommended by the attending veterinarian.

I understand that the community style of dog boarding used at TPR has inherent dangers such as illness and injury that are not present with traditional boarding facilities where dogs are boarded separately, including exposure to disease or illness, supervised interaction among animals, access to malleable and rigid play equipment and stationary objects -- buildings, trees, fences -- uneven, slippery, rough, and abrasive play surfaces, and exposure to the outdoors in a contained area, and that these are factors in determining whether a reasonable duty of care has been exercised by TPR.

I agree to not hold TPR financially responsible for any veterinary services required while in their care, and/or any injury or illness possibly incurred while in their care. I will reimburse TPR for all expenses incurred while attending to my dog's needs, including expenses related to the veterinary treatment authorized above.

TPR allows supervised play for unaltered dogs, however, there is an inherent risk of pregnancy for unaltered females, and the possibility of higher incidence of injury when a dog is not altered.

I understand that TPR, being in a quiet residential neighborhood, may need to put a "bark collar" on my dog during his/her stay to maintain a peaceful environment.

In the event my dog is left at TPR for more than 30 days without prior arrangement, communication or payment and my emergency contact person is either unable or unwilling to accept my dog, he/she will be considered abandoned (civil code 1834.5). A period of no less than 30 days will be given to locate a new home for dogs abandoned at TPR before surrendering them to the animal shelter.

Owner's Signature: _____

Print Name: _____

Date: _____

Bark/Buddy Policy: Dogs may need to share a run and/or use a Bark Collar
